### Professional Summary

Creative and enthusiastic Front-End Developer with a passion for building interactive and visually appealing web experiences. Proficient in HTML, CSS, and JavaScript, I love using frameworks like React to bring ideas to life. I believe that every line of code should not only function well but also delight users. With a collaborative spirit and a knack for problem-solving, I enjoy working with teams to turn complex challenges into elegant solutions. Always eager to learn and embrace new technologies, I am excited to contribute my fresh perspective and dedication to a forward-thinking development team.

### Experience

#### **Owlteck , Cairo, Egypt**

**Front-end developer | September 2023 – present** - Developed and maintained responsive web applications using HTML, CSS, and JavaScript, enhancing user experience and engagement.

- Collaborated with designers and back-end developers to create a cohesive and user-friendly interface.
- Implemented performance optimizations that improved page load speed by 20%, resulting in better user retention.
- Participated in code reviews and contributed to team discussions, fostering a collaborative development environment.

#### **Self-employed, Remote**

#### **Freelance Front-End Developer | December 2022 – present**

- Developed and launched 10 responsive websites for small businesses, enhancing their online presence and increasing customer engagement by up to 30%.
- Utilized HTML, CSS, and JavaScript to create user-friendly interfaces, ensuring cross-browser compatibility and optimal performance across devices.
- Collaborated with clients to define project scope and requirements, translating their vision into functional web applications while maintaining consistent communication throughout the development process.
